PROJECTS

MUSHROOM-AI (Functional ChatBot)

- Developed "Mushroom" AI chatbot using Python 3.10 with Cohere/Groq/Hugging Face APIs for real-time multimodal interactions (text/speech/image) and TTS/STT accessibility.
- Automated user workflows with secure API key management (Cohere/Groq/Hugging Face) and seamless deployment for dynamic prompt handling.

Nom Nom Now - Zomato Clone

- Designed and implemented a responsive user interface in React for seamless cross-device experiences.
- Integrated third-party APIs for location-based restaurant searches and secure payment processing.

SKILLS

Java	Python
Problem Solving HTML	DSA (Data Structures and Algorithms)
CSS	Git / Github

CERTIFICATIONS & COURSES

Cloud Computing (Elite) – NPTEL	Python Essentials – VITyarthi
Marketing Analytics – NPTEL	MATLAB and Simulink Training – MATLAB
